

Simply Silent™ GX150

6"/150mm axial extract fan designed for window installation from the inside

The GX150 delivers all the benefits of the DX150, like contemporary styling and Ghost™ Air Movement Technology, yet it's designed to be effortlessly fitted into a window. It comes complete with a window kit, and once the 184mm diameter hole has been cut into the window, the GX150 can simply be installed from the inside using only three screws.

Purpose designed for kitchens, utility rooms and bathrooms, this 6"/150mm intermittent extract fan also features a powered, integral thermo-electric-shutter mechanism, to protect against draughts and heat loss. The GX150 range has two speeds, selectable at install.
