

Faber Outdoor

You want to make as much use as you can of your beautiful garden or wonderful patio. Coffee with friends on a cool spring day, a garden party on a long summer evening, or a wonderful book on a lazy late summer afternoon. An outdoor fire creates more atmosphere, produces comfortable radiating warmth so you can stay out much longer.

Faber outdoor fires enrich any patio or garden. First of all with the characteristic, lively Faber flames that you can see from all sides through the large glass surface. Flames that are designed with Faber's craftsmanship and quality, appreciated so much by those who love our inset fires. The designs speak of considered simplicity and class, never dominate, but are there to be admired at any time.

Faber outdoor fires work on gas and have automatic ignition, so operation requires little attention and the fires work without any hint of a smell. With the optional gas socket, you can also connect the fire to a permanent gas connection, making the fire even easier to use. That is how you get more from your garden or patio with a Faber outdoor fire!
