

Gala

Optimyst®

The Dimplex Gala is an electric engine which leaves room for personal design and taste. It can be installed as a central or inset fire, in tailor made surrounds or into a wall. Its fascinating three dimensional flame and smoke effect come from the Optimyst® system, which operates on 230V and plain water only. A comfortable way to enrich any home with a true hearth.

USP's

- Fireplace insert without heat output designed to be fitted with a surround
- Can be installed as 1-sided but also as a see-through fireplace
- If used as a see-through fireplace it is ideal as a room divider for individual installation
- Rotary thermostat for temperature control
- Easy refilling water system in front with drawer
