

Synergy

Optiflame®

'Wide screen' inset fire with realistic flame effect, ready to fill up your free wall space or any bespoke surround. The glass decorative set can be replaced by any dry material with a diameter of at least 6 mm, to decorate the fireplace interior in your own style. The Synergy has the unique Optiflame® technology, offering realistically colored 'flames' rising up over the decoration. A remote and thermostatic heater are at hand, adding extra comfort while enjoying the presence of this fire.

USP's

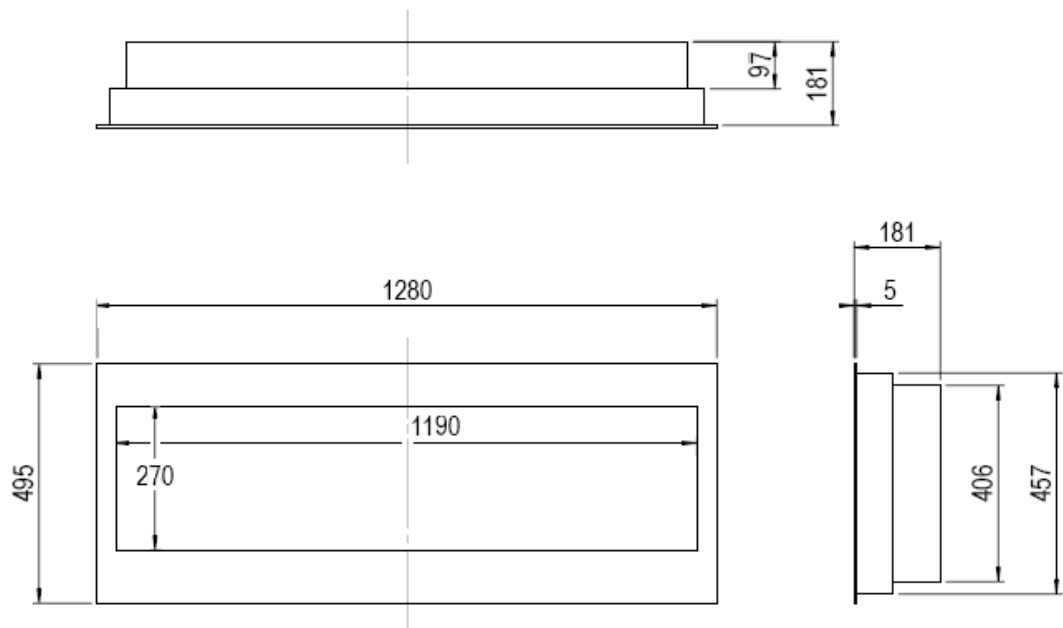

- Ember bed decorated with acrylic ice
- Suitable for wall-mounted or recessed installation
- Large 128 cm width viewing area with attractive black finish
- Enjoy the ambiance of the flame with or without the heater for year-round comfort and enjoyment
