

Wall fire engine

Optimyst®

The Dimplex Wall fire engine is an electric fireplace insert that fits with the Nissum concrete or black L frame. It is designed to be hang onto the wall. That way, you can choose the ideal height to enjoy the flames that swirl freely in the fireplace, through the glowing logs, thanks to the Optimyst® flame effect. Feel free to adjust the flame height and the concealed heating with the supplied remote control. Available in two different sizes.

USP's

- Inset fire designed to fit into a wall mounted custom-made frame
- Suitable for the surrounds Nissum concrete and black
- Flame effect can be used independently of heat source for an all year around operation
- 24/7 timer ensures a high flexibility, each day of the week can be set individually
- The log set is included
