

# Zen

## Optimyst®

The industrial finish and clean, minimalist lines are the distinctive features of the Zen. Its contemporary, minimalist design perfectly blends in with modern interiors, especially those in industrial style. The unobtrusive appearance of the fireplace vividly exposes the warm light of the Optimyst® fire. The realistic, 3D flames, arising from water mist and LED light, are clearly visible due to the two-sided surround. The Zen concrete will undoubtedly appeal not only to the amateurs of loft spaces. The fire can be conveniently operated by the remote control.
